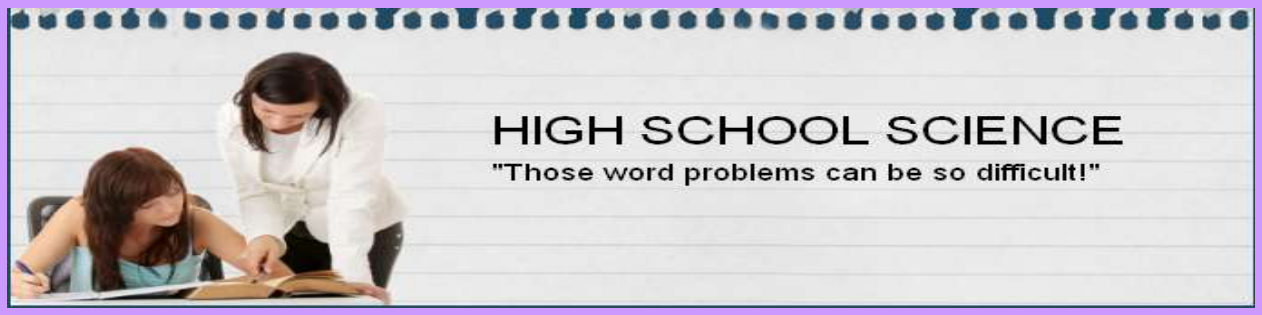
Our Mission is to empower students to achieve their full academic potential. We maintain a highly trained staff and exceptional resources to meet the needs of every student's unique background, personality, and learning style. To maximize our reach in the community we keep our prices low and our product flexible.

Innovative Solutions: We spend hundreds of hours every month generating creative new resources and programs to help students learn effectively and succeed in school. We always listen to students, parents, teachers, schools, and our community for feedback and fresh new ideas.

Excellent Tutors: Our tutors are paid better than anywhere else because we are determined to attract only the best. The majority of our tutors have a Master's or Ph.D in a field related to math, science, or education! We train tutors rigorously so that they are prepared for a variety of personalities, learning styles, and common issues. They are likable, professional, and extremely intelligent!



Science takes time. Many concepts in science are not easy to understand at first, and this is a common source of frustration. Students need to have patience, and take the time to practice. A good teacher can make science enjoyable and motivate students to work hard!

Get the help you need. Our highly trained tutors have the knowledge and resources to bring science to life! We can help with ALL high school science classes including those demanding AP and IB courses!

Raise your science grade! There is no reason for your science grade to suffer when you are doing so well in your other classes. We will provide lots extra practice and alternative ways of thinking about concepts. Over time your mind adapt to new ways of thinking and processing information. You will begin to think more like a scientist!
